IN PARTNERSHIP WITH

WHERE GLOBAL ENERGY PRODUCERS AND BUYERS CONNECT, COLLABORATE AND TRANSACT

Now in its 54th year, Gastech 2026 brings together the people, insights and solutions shaping how energy systems are built and delivered. Covering natural gas, LNG, electrification, low carbon solutions and AI for energy, Gastech connects decision-makers across policy, finance and industry to drive progress where it matters most - delivery.

As energy demand accelerates and systems come under increasing pressure, the focus has shifted from strategy to execution. The priority is clear: deliver secure, affordable and resilient energy at scale. Gastech provides direct access to the strategies, partnerships and technologies enabling this – giving attendees the clarity and connections needed to act.

Taking place in Bangkok, at the centre of the world's fastest growing energy markets, Gastech offers a front-row view of where investment is flowing and how projects are being realised. It brings global and regional leaders together to align priorities, unlock opportunities and move from insight to implementation.

THE GATEWAY TO ASIA'S FASTEST GROWING ENERGY MARKETS

Asia's energy demand is expected to grow significantly through 2050, driven by rapid urbanisation and rising living standards.

Natural gas will remain a key transition fuel, supported by the expansion of gas-fired power generation, industrialisation and decarbonisation efforts. Meanwhile, increasing LNG supply is expected to create a more competitive market for buyers.

At the heart of regional trade routes, Bangkok is a strategic hub for energy collaboration and growth across LNG, renewables and emerging technologies.

Gastech brings together global leaders to advance partnerships and innovation across natural gas, LNG, low carbon solutions, shipping & marine, hydrogen and AI for energy.

ASIA'S ENERGY DEMAND IN NUMBERS

50%

Asia accounts for around half of global electricity consumption, making it the centre of global power demand growth.

15,000+

Asia Pacific's electricity demand exceeds 15,000 TWh annually, with China alone surpassing 9,500 TWh in 2025.

6%

Electricity demand is forecast to grow strongly across key Asian markets through 2030: China at 4.9%, India at 6.4% and Southeast Asia at 5.3% annually.

80%

Emerging markets and developing economies account for around 80% of global electricity demand growth, with China, India and Southeast Asia remaining major drivers.

WHO VISITS GASTECH?

From policymakers and NOCs to global operators, investors, technology providers, engineers, and innovators, Gastech 2026 in Bangkok is the international meeting place for the energy industry.

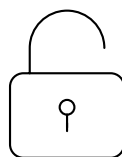

Whether you are looking for insight into the latest technologies, to source new products, or to build strategic partnerships that shape the future of the industry, Gastech is a catalyst for cross-border, cross-sector collaboration.

Gastech visitors comprise energy industry specialists spanning commercial, technical, and executive roles seeking insights, partnerships, and opportunities in natural gas and LNG, hydrogen, low carbon solutions, shipping & marine, and AI in energy.

ATTENDEES INCLUDE:

- ✓ Natural gas & LNG producers
- ✓ LNG buyers, traders and infrastructure developers
- ✓ Energy producers and utilities
- ✓ EPCs and engineering firms
- ✓ Government and regulatory representatives
- ✓ Shipping, maritime and logistics companies
- ✓ Power generation and electrification companies
- ✓ Grid transmission and distribution operators
- ✓ Technology and solution providers
- ✓ Hydrogen, low carbon and renewables stakeholders
- ✓ Investors and financial institutions
- ✓ Digital, AI, and energy systems specialists
- ✓ Industrial energy users and manufacturers

REASONS TO VISIT THIS YEAR

UNLOCK NEW BUSINESS OPPORTUNITIES

Meet senior decision-makers, technical experts and investors driving strategic energy projects across Asia and globally to connect, drive business value, and secure deals.

NETWORK WITH AN INTERNATIONAL AUDIENCE

Identify new markets, form strategic alliances, explore investment pathways and do business with influential buyers and suppliers from across the global energy landscape.

SOURCE INNOVATIVE PRODUCTS AND SERVICES

Discover thousands of cutting-edge solutions from more than 1,000 exhibiting companies, enabling you to make faster, smarter decisions on technology, investment and partnerships.

GAIN A COMMERCIAL ADVANTAGE

Uncover breakthrough products and technological solutions having a real-world impact in natural gas & LNG, electrification, low carbon solutions, shipping and marine, and AI for energy.

MEET THE WORLD'S LEADING ENERGY COMPANIES

Connect with 1,000 exhibitors from across the global value chain at Gastech, from established industry leaders to pioneering technology innovators.

THIS YEAR'S EXHIBITORS INCLUDE:

EXPLORE THE FULL EXHIBITOR LIST

MEET 1,000 GLOBAL EXHIBITORS SPANNING THE ENTIRE ENERGY VALUE CHAIN
[GASTECHEVENT.COM/VISIT/EXHIBITORLIST](https://gastechevent.com/visit/exhibitorlist)

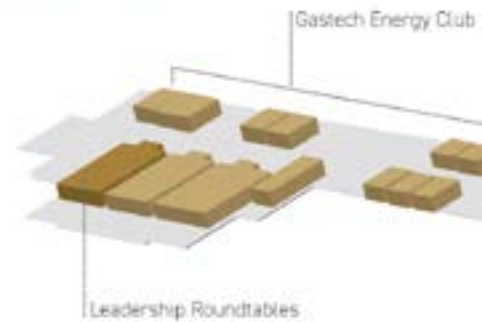

GASTECH 2026 FLOOR PLAN

A LIVE ENVIRONMENT BRINGING TOGETHER TECHNOLOGIES, LEADERSHIP AND OPPORTUNITY.

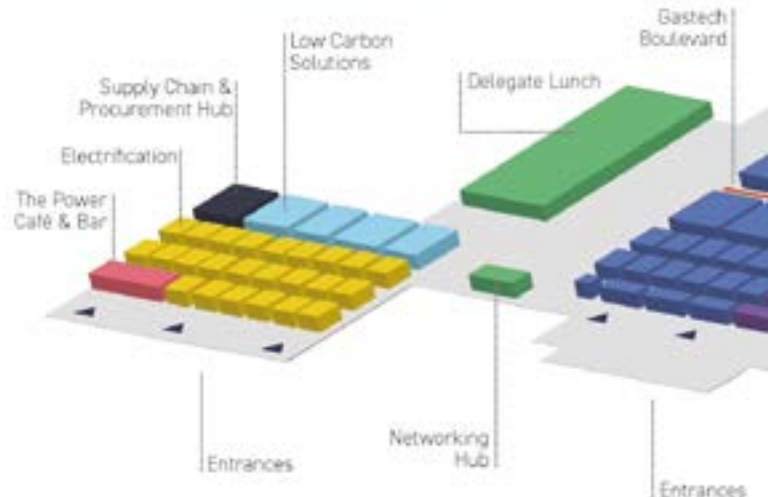

Gastech 2026 will take place at the Bangkok International Trade & Exhibition Centre (BITEC), placing you at the centre of one of the world's fastest-growing energy markets.

With an exhibition running alongside a world-class conference, Gastech creates a dynamic environment where insight, innovation and commercial opportunity come together. Explore proven technologies, engage directly with solution providers, and build the connections that will help you navigate a rapidly evolving energy landscape.

INDUSTRY AREAS

Gastech showcases the full energy value chain, from natural gas and LNG to hydrogen, low carbon solutions, shipping and marine, alongside new focus areas including Ai-driven energy systems and electrification.

● NATURAL GAS & LNG

Natural Gas & LNG are central to maintaining energy security in an increasingly volatile global landscape. Visitors can explore the latest technologies and infrastructure across production, liquefaction, transport, storage, and regasification, alongside solutions improving efficiency, reliability, and emissions performance. Gastech connects buyers, operators, developers, and technology providers to evaluate projects, compare solutions, and build the partnerships driving secure, flexible, and lower-carbon energy systems worldwide.

● AIXENERGY CO-LOCATED WITH GASTECH

AixEnergy is a new col-located event focused on how artificial intelligence and energy systems scale together. As AI and energy systems become increasingly interdependent, decisions around infrastructure, power and digital capability can no longer be addressed in isolation. Join policymakers, hyperscalers, technology and energy leaders, investors, and infrastructure developers, to explore the partnerships and capabilities needed to power AI at scale, creating a high-level environment where digital infrastructure, power systems, and industrial intelligence converge.

DISCOVER MORE aixenergy.com/visit/

● ELECTRIFICATION NEW FOR 2026

Electrification at Gastech will showcase the next phase of rapid expansion transforming how energy systems are designed, built, and operated. As electricity demand accelerates across industries, digital infrastructure, and emerging economies, the need for scalable, resilient, and integrated power solutions has never been greater. The Electrification exhibition connects solution providers with organisations delivering large-scale power infrastructure, featuring technologies across generation, transmission and distribution, renewables integration, grid digitalisation, and system optimisation. Attendees can engage directly with active projects, developers, and investors shaping the future of global power systems.

● LOW CARBON SOLUTIONS

Low Carbon Solutions at Gastech showcases the technologies and services helping the gas, LNG, and wider energy industry reduce emissions and improve efficiency. Attendees can explore practical solutions driving decarbonisation across operations - from emissions reduction and energy efficiency to digital optimisation and sustainability performance. The exhibition brings together innovators, operators, investors, and industrial leaders in one place, making it easy to discover proven technologies, compare solutions, and connect directly with the companies enabling a lower carbon energy system.

● SHIPPING & MARINE

Shipping & Marine at Gastech brings together the technologies and solutions transforming global maritime trade. As geopolitical tensions reshape access to key maritime corridors, operators face tighter controls, disrupted LNG flows, and heightened security considerations. Attendees can explore innovations in low carbon fuels, digital systems, and sustainable shipping practices that are improving efficiency, reducing emissions, and strengthening supply chain resilience across ports, fleets, and marine logistics. The exhibition provides direct access to solution providers and industry leaders, making it easy to compare technologies, discover practical applications, and create new commercial opportunities across a more fragmented value chain.

● HYDROGEN

Gastech Hydrogen gives attendees direct access to the technologies, solutions, and companies driving hydrogen forward. Discover innovations across production, transport, storage, and end use, and meet the providers, developers, and partners delivering real-world projects. As market signals strengthen and global interest grows, hydrogen is transitioning from a conceptual vision to a commercial reality. Gastech is where you can explore practical applications, evaluate solutions, and accelerate dealmaking and project formation across the value chain.

BUILD INTERNATIONAL PARTNERSHIPS

At Gastech 2026, 15 country pavilions bring the global energy industry together in one place, giving you direct access to established and emerging energy markets from every region of the world. Explore how different countries are shaping their energy strategies, discover new supply chain opportunities, and gain first-hand insight into the technologies, policies, and investment priorities driving regional growth.

Meet with suppliers, developers, national energy companies, and industry leaders without barriers, and engage in focused conversations designed to open doors to new projects and long-term collaboration. Whether you are looking to enter new markets, strengthen existing partnerships, or identify future investment opportunities, the country pavilions provide a unique platform to navigate the global energy landscape and accelerate international business development.

COUNTRY PAVILIONS WILL INCLUDE:

CANADA

CHINA

CZECH
REPUBLIC

FRANCE

GERMANY

INDIA

ITALY

JAPAN

NIGERIA

NORWAY

SOUTH KOREA

THAILAND

TÜRKIYE

UNITED KINGDOM

UNITED STATES

NETWORKING & COMMERCIAL OPPORTUNITIES

Your Gastech 2026 visitor pass gives you access to exclusive networking and commercial opportunities, including the Gastech Network App, Networking Lounge, Supply Chain & Procurement Programme, Talent for Energy Transformation initiative, and the Innovation Accelerator.

Connect with global energy leaders, build strategic partnerships, discover breakthrough technologies, and engage with decision-makers investing in the future of energy.

GASTECH NETWORK APP

Seamless connections at your fingertips.

Build new relationships and develop partnerships effortlessly through the Gastech Network App. Featuring AI-powered matchmaking, exhibitor listings, an interactive floor plan and personalised agendas, the official event app helps maximise your time at Gastech 2026. All registered attendees will receive an invitation to download the app once it goes live.

NETWORKING LOUNGE

Where conversations become partnerships.

The Networking Lounge is your dedicated area for on-site meetings and networking. Located on the exhibition show floor, it offers a private, professional environment with ready-to-use services for meetings arranged via the Gastech Network App.

SUPPLY CHAIN & PROCUREMENT PROGRAMME

Scaling a resilient and sustainable energy supply chain.

This programme brings together supply chain professionals and procurement leaders to share knowledge and solutions, form commercial partnerships, and do business. It will feature 600 speed networking sessions, 70 international hosted buyers, 5 panel discussions, and 25 dedicated speakers.

TALENT FOR ENERGY TRANSFORMATION

Skilling and scaling the workforce of tomorrow

The Inclusion & Diversity track will bring together key influencers, decision-makers, and thought leaders to reflect on the importance of I&D in the industry. Connect, learn, and share insights, to create a more equitable and innovative industry for future generations.

GASTECH INNOVATION ACCELERATOR

Showcasing start-up innovation on a global stage.

Uncover breakthrough technologies and stay ahead of industry trends at the Gastech Innovation Accelerator, where groundbreaking start-ups across low carbon solutions and hydrogen pitch their technologies to an international audience of energy professionals and a panel of three expert judges.

GASTECH CONFERENCES OVERVIEW

The Gastech Conferences are a global forum for leadership, expertise and execution at a defining moment for the energy system. They convene policymakers, industry leaders, investors, engineers and innovators to address the realities shaping global energy supply - rising demand, system resilience, affordability and the delivery of lower carbon outcomes at scale.

The programme is structured around two flagship agendas – the Strategic Conference and the Technical & Commercial Conference – reflecting the need to align policy, capital and execution.

Together, they explore how natural gas and LNG can continue to underpin secure and flexible energy systems, while hydrogen, climate technologies and AI are deployed to improve efficiency, reduce emissions intensity and strengthen long-term system performance.

The Gastech Conferences are where the energy community comes together to make pragmatic choices, align around shared priorities and turn ambition into delivery – at speed and at scale.

ADDITIONAL BENEFITS:

- ✓ Enjoy fast-track onsite registration for seamless access
- ✓ Experience the comfort of the Delegate Lounge, with complimentary lunch and coffee breaks, and the Networking Lounge to connect with peers
- ✓ Attend exclusive networking events. Including Official Welcome Party and 2027 Launch Party.
- ✓ Gain exclusive access to the Energy Connects platform, featuring the Technical & Commercial presentations and papers
- ✓ Maximise your experience by connecting directly with fellow delegates and scheduling meetings via the Gastech Network app

PLAN YOUR VISIT TO GASTECH 2026

EVENT OPENING TIMES

MONDAY, 14 SEPTEMBER 2026	09:00 - 18:00
TUESDAY, 15 SEPTEMBER 2026	09:00 - 19:00
WEDNESDAY, 16 SEPTEMBER 2026	09:00 - 18:00
THURSDAY, 17 SEPTEMBER 2026	09:00 - 14:00

MAKING YOUR WAY TO BITEC

Gastech 2026 will take place at BITEC, Bangkok. Attendees can access the venue via one of the three main car and coach entrances; take the BTS Skytrain to Bang Na station and use the skywalk to reach the Welcome Hall; or transfer by taxi from Suvarnabhumi International (BKK) and Don Mueang (DMK) airports.

BOOKING YOUR ACCOMMODATION

Book with confidence and preferential rates through our official housing partner for Gastech 2026. They offer a range of hotels and selected hospitality services in Bangkok, providing support to ensure a comfortable and convenient stay for all attendees.

PLANNING YOUR FLIGHTS

Fly with confidence through Thai Airways, the national carrier for Gastech 2026. Attendees can access exclusive fares and dedicated support for a comfortable and convenient journey. To secure special rates, reference Event Name GASTECH 2026 and Event Code TG2431857.

VISA & ARRIVAL INFORMATION

For information on visa requirements to enter Thailand, please contact your local embassy directly or find out more directly from the Ministry of Foreign Affairs of Thailand. Please note that it is the responsibility of the individual to arrange and bear any costs associated with obtaining an entry visa. All international visitors are required to complete the Thailand Digital Arrival Card (TDAC). You can register for your arrival card within 3 days before your arrival date. Registering for your TDAC is completely free of charge. Please avoid any online outfits quoting a fee.

<https://tdac.immigration.go.th/arrival-card/#/home>

CURATED EXPERIENCES: BANGKOK & THAILAND

Attendees of Gastech, along with any accompanying partners, are invited to enjoy a dedicated curated travel programme organised by our housing partner. The programme features private, tailor-made visits and curated group experiences designed to showcase the culture, attractions, and hospitality of Bangkok and Thailand.

EXPERIENCE BANGKOK OUTSIDE GASTECH

THE GRAND PALACE

Bangkok's most important royal landmark, the Grand Palace includes more than 100 historic buildings. Once the King's residence, it remains a ceremonial site and symbol of over 200 years of Thai history.

WAT PHO - THE RECLINING BUDDHA

Wat Pho is one of Bangkok's oldest temples, known for its 46-metre reclining Buddha. It houses Thailand's largest collection of Buddha images and is recognised as the birthplace of Thai massage.

CHATUCHAK WEEKEND MARKET

Chatuchak is the world's largest weekend market, with more than 15,000 stalls. Open Friday to Sunday, it offers clothing, crafts, food and antiques, and provides a lively experience of local culture.

BANGKOK'S SHOPPING MALLS

Bangkok's modern malls offer luxury brands, entertainment and large food courts. Located along major BTS routes and at Iconsiam by the river, they reflect the city's contemporary retail landscape.

BENJAKITTI FOREST PARK & LUMPINI PARK

Lumpini and Benjakitti Parks provide green space in central Bangkok. Connected by an elevated walkway, they offer lakes, walking paths and wetlands, creating a calm oasis in the bustling city.

CHINATOWN - SHOPPING AND STREET FOOD

Bangkok's Chinatown centres on Yaowarat Road, known for its colourful signage and mix of retail and street food. Markets and small shops line the area, offering Chinese-Thai cuisine and a vibrant local atmosphere.
